Annual Report of the Selectmen.

TO THE CITIZENS OF THE TOWN OF MILFORD :

We herewith submit our report for the fiscal year ending December 31, 1920, with an itemized account of the expenses of the various departments under our supervision.

HIGHWAYS.

The report of the highway surveyor who has exclusive control of the ordinary repairs of highways, town ways, streets and bridges will be found under a separate heading.

We recommend that a reasonable appropriation be made for highways in order that they may be kept in proper condition.

We recommend that the sum of \$3,000.00 be raised and appropriated for repairs to South Main street, from Depot street to the Milford and Hopedale town line.

This street is in a deplorable condition and needs immediate attention.

We recommend that an appropriation be made for repairs to Cedar street, to be expended under the supervision of the Highway Commission, in connection with appropriations to be made by the State and County.

Medway street is badly in need of repairs and we recommend that efforts be made to have the Massachusetts Highway Commission allot a sum of money for said street.

STREET LIGHTING.

During the past year street lights were placed on Asylum street to the town farm in accordance with a vote of the town and additional lights were placed in other parts of the town where necessity required.

The number of lights now maintained is as follows :

689	40-candlepower at	.	\$18.00 per year
71	60-candlepower at	.	\$19.75 per year
87	100-candlepower at	.	\$24.00 per year

MOTH SUPPRESSION.

Notice has been received from the State Forester, that the town may be required by law to expend in suppressing gypsy and brown-tail moths the sum of \$4,823.13, if conditions in this town require it.

We recommend that a liberal appropriation be made to carry on this work to the satisfaction of the State Forester.

CENTRAL STREET DRAIN.

During recent years considerable damage has been done to properties at the corner of Depot and Central streets caused by the back-flooding of the Central street drain.

Your selectmen engaged Mr. F. A. Barbour, civil engineer, to investigate the conditions and he has submitted an extensive report, in which he says that the greatest relief from present conditions can be obtained by the construction of an additional drain and this should be undertaken as soon as the town finances permit.

The estimated cost of this drain is \$8,500.00.

We are of the opinion that some relief should be given to the property owners in that locality, to cover the town's legal obligation in the matter.

The following is an itemized report of the receipts and expenses of the various departments :

Respectfully submitted,

THOMAS J. NUGENT,

JOHN H. CUNNINGHAM,

Selectmen of Milford.

IN MEMORIAM.

Charles V. Waitt.

On June 16, 1920, the Community was saddened by the death of Charles V. Waitt, our colleague on the Board of Selectmen, who was elected to that position March 6, 1916, and held office continuously until his death.

We lament the loss of one who was ever ready to proffer the hand of aid and the voice of sympathy to the needy and distressed of the town, an active citizen of Milford whose utmost endeavors were exerted for its welfare and prosperity, a friend who was dear to us all.

Report of Highway Department, 1920.

TO THE CITIZENS OF MILFORD :

Gentlemen : I hereby submit my report as highway surveyor of the town, for ten months ending December 31, 1920. For the first four weeks it cost \$1012.00 for removing snow and cleaning gutters after the severe winter. The amount of work done on the different streets is as follows :—

Granite street—Sidewalk rebuilt, ledge removed, 300 feet new curbing, 20 loads cinders.

Beach street—Rebuilt retaining wall and built two catch basins.

Regraded East street in order to change the course of the water, that was overflowing personal property, onto Central street; cleaned out 250 feet pipe.

BRIDGES.

CHURCH STREET BRIDGE.

I am very proud of this job as the bridge had been unsafe for two or more years. I would recommend to the voters of the town to build one or more concrete bridges yearly, if possible, to replace the obsolete, as chestnut plank is getting scarce and will not last over two years. This bridge cost the town of Milford \$440.

MELLEN STREET BRIDGE.

We cooperated with the town of Hopedale and built a bridge on Mellen street. Each town furnished its own material and labor. This bridge had been unsafe for years. We put in 7 chestnut stringers and 350 feet chestnut plank.

Bridges repaired on Dilla, Pleasant, Green, Cedar, Thayer Fruit, Oliver and West Spruce streets.

CULVERTS AND DRAINS.

Main street. Cleaned drain from Huntoon slip to Godfrey brook.

Flushed drain from Green street to Godfrey brook.

Lawrence street. Culverts torn out and 24 feet new pipe put in.

Purchase street. Culvert at corner of Eben and Purchase streets replaced with 15 inch pipe.

Eben street. Culvert replaced with 12 inch pipe.

Beaver street. Culvert repaired.

CATCH BASINS BUILT.

One at the corner South Main and Fruit; one on Emmons street.

COUNTRY ROADS.

The outlying districts were scraped. On this I spent 18 days with ten men and four horses.

OIL ON STREETS.

Pond, North Bow, Spring, Court, Jefferson, Depot to railroad crossing, Central to bridge, South Bow, Claflin, Franklin, Grove to Avery's, Prentice avenue, State, Pine, West Pine, Fayette, Clark, Bancroft avenue, Water, Emmons, Walnut, Spruce, Purchase from Dilla to Wales, and Mechanic.

When I took the position the department was badly in need of equipment. I bought a pair of able horses and also a Selden truck, which cost \$3000. I think it was a very good investment, the truck doing the work of three teams. I would also recommend to the voters that there be a special appropriation for Water street, which is in very poor condition.

Thanking the Board of Selectmen, the Town Clerk and the citizens of Milford, I remain,

Respectfully yours,

JOHN P. CALLERY,
Highway Surveyor.

In submitting our report for the year 1920, it is with regret that we mention the death of William E. Staples, for eight years chairman of our board. Mr. Staples died during the month of May, and by his death we lost a most devoted friend and co-worker, and the town of Milford a most conscientious official.

At a joint meeting of the selectmen and park commissioners Mr. William K. Coombs was selected to succeed Mr. Staples.

JOHN F. QUINLAN,
MARTIN J. WALLACE,
WILLIAM K. COOMBS,
Park Commissioners.

Report of the Inspector of Wires.

TO THE HONORABLE BOARD OF SELECTMEN OF MILFORD,
MASS.:—

GENTLEMEN:—

I have the honor to submit the sixth annual report of this department.

The past year has seen more work and more growth in this department than in any previous year. As the following report will show, the number of additional lights for work previously done is nearly double that of last year.

The number of permits granted for houses to be lighted is 557, and the same number of inspections made, not including 240 second inspections where changes had to be made in the work in order to pass the underwriters' rules.

The pole lines are steadily improving, although there is still room for more improvement.

The power lines are still growing very fast, as on Dec. 20, 1919, the number of meters in town was 1265, while on Dec. 20, 1920, there were 1700.

The amount of H. P. Dec. 26, 1919, was 1525, and the amount Dec. 26, 1920, was 2401.

MOTORS, DEC. 26, 1919.

Total, 171.

MOTORS, DEC. 26, 1920.

Total 251.

The Electric Light Co. have already planned for a much larger plant, and I am sure it will be needed.

The plant of the Telephone Co. in Milford is today one of the most up-to-date plants outside of the largest cities, and their work is to be commended.

The many changes in the 1920 underwriters' rules, make it necessary that a new set of by-laws be prepared to cover the conditions existing in this town, in order to be on the same basis with other towns. These will be ready before the first of February, when all of the 1920 underwriters' rules will be enforced by the board of underwriters.

Respectfully submitted,

JOHN B. WARNER,

Inspector of Wires.

Report of Inspector of Animals.

TO THE HONORABLE BOARD OF SELECTMEN :—

GENTLEMEN :—In handing you my annual report, I beg to state that I have been called to see a number of suspected animals for various infectious diseases, and am glad to state that outside of one lot of pigs, all have been free of any trouble. The general health of all farm animals seems to be much better.

Respectfully Yours,

DR. B. F. HARTMAN,
Inspector of Animals.

Unexpended, balance, January 1, 1921 . . . \$622 62

During the past year several badly needed repairs were made at the Town Home. A modern bath room was installed, a fine refrigerator purchased, the main building reshingled on one side, the barn thoroughly repaired, and many minor repairs also completed. The board feels that the farm property is now in better condition than for many years.

During 1920 the cost of everything steadily increased and the rentals were also advanced materially. Despite this increase the board is pleased to say that the department business was conducted in such a manner as to prevent a big deficit, and in the Mothers' Aid division resulted in the turning back to the town of over \$600.

The overseers, in considering the appropriation needed for

the current year, feel that for the General Aid \$13,500 is needed, and for Mothers' Aid \$13,000 ; a raise in the former case of \$500 and in the latter of \$1000.

The \$500 is needed to erect suitable hen houses at the town farm, while the \$1000 increase in the Mothers' Aid division is absolutely essential to care for the increased cases coming before the board, and also to meet the increased rentals now in force.

Maintenance cost is still increasing due to the further advance in cost of labor and also in part by the condition of the filter beds, the underdrains of which must have immediate attention and it is even possible in the very near future that

additional beds should be constructed, in fact that contingency has already been called to the attention of your Board by the State Department of Public Health.

There has been many urgent requests to the Board for the construction of additional sewers, which your Board feels that in most cases should be granted, for the benefit not only of those immediately concerned but also for the public health, yet it is impossible for us to comply without a necessary appropriation.

In consequence of the above we are asking that the town appropriate twelve thousand five hundred dollars (\$12,500.00) for sewer extensions, repairs and cleaning underdrains at filter beds and seven thousand dollars (\$7,000.00) for maintenance.

Items in report charged to construction were due on contracts completed during the previous year, no new work having been performed during this year.

The total number of connections is 1325, thirty new connections being made during the year.

REPORT OF THE Trustees of the Town Library.

The Trustees of the Town Library respectfully submit the following reports:—

The library work has been along the normal, routine lines during the past year. The circulation still shows a decrease. It is a fact to be regretted, that the public schools have so little reference work for their pupils. The resources are good, assistance is always ready, but the co-operation of the teachers and pupils is lacking.

The Woman's Educational Association has loaned the library for six months a collection of seventy-two books in Italian, including Language, Government, Health, Literature, Art, Biography, History, Travel and Fiction. To date these books show a circulation of forty-three. Much interest is manifest in the collection. Miss Bertorelli, of the local teaching corps, has been of much assistance in extending information regarding the books to the Italian speaking population.

The Division of Public Libraries of the Department of Education loaned the library a set of fifteen books in Spanish. This set was intended to aid the class in conversational Spanish organized under the auspices of the University Extension. As yet the circulation has been small, but it is hoped that as the class advances, the books may be in more demand.

During Children's Book Week, November 15-22, a score or more of the best juvenile books were taken from the shelves and arranged on the desk for the use of people wishing suggestions in the purchase of gift books. Publisher's catalogues, reading lists, Christmas lists, etc. were prepared for the use of the public. At the meeting of the Quinshipaug Woman's Club, the local assistant librarian made a brief announcement of the purpose of Children's Book Week, and

III

urged the purchase of more and better books for the home. It is a well known fact that children should be brought up among books, plenty of books.

A new stack, adding shelf room for about fifteen hundred books has been placed in the fiction department. While this relieves the congestion there, overcrowded conditions still exist in biography, history and miscellaneous departments, where about six hundred books are piled on the floor and on the stack ledges.

An effort is being made to stop the defacing of books. All the new juvenile books are carefully examined each time they are returned. If any marks are found, the borrower is deprived of the use of the library for a time, after explanation is made in regard to the care of books. In this way it is hoped to impress on the children the need of care in the use of library books.

At a meeting of the trustees held Feb. 8, it was voted to request an appropriation of \$1000 and the dog tax, for the benefit of the Town Library during the ensuing year.

In explanation of the unpaid bills amounting to \$691.62 I submit: The appropriation for the Library for 1920 included \$800 and the dog tax. The dog tax, \$874.24, was received by the town treasurer after the fiscal year of 1920 was closed, and he declined to use this money for 1920 bills. If this money which is for our department had come in proper time our balance would be \$182.62

Report of Board of Health.

TO THE SELECTMEN AND CITIZENS OF MILFORD :—

The Board of Health respectfully submits the following report for 1920 :

REPORTING COMMUNICABLE DISEASES.

The conscientious physician and householder who has the welfare of the community at heart, will report to the Health Board diseases of an infectious and contagious nature.

The law is very strict in this regard and a severe penalty is given for neglect to report communicable diseases.

Through the efficiency of the school board many suspicious and actual cases are brought to the Health Board's attention.

INVESTIGATION.

On the reporting of a communicable disease either the Sanitary Inspector or the Board's Physician instructs as to quarantining and isolation.

QUARANTINING.

The period required by the the local Board is as follows for diseases enumerated :—

Typhoid—A negative culture from the stool or such other examination the Board directs.

Diphtheria—A negative throat culture.

Chicken-pox—Two weeks after eruption appears and crusts fall off.

Measles and German Measles.—At least two weeks after rash appearance and nose and throat symptoms have cleared up.

Mumps.—Two weeks from the beginning of the disease, and subsidence of the involved glands.

Whooping Cough—About three weeks from time the paroxysmal cough started, or longer if deemed necessary.

Cerebro Spinal Menigitis—Normal temperature ten days before breaking the quarantine.

Pneumonia.—At least six days of normal temperature.

Scarlet Fever.—Twenty-eight days after the onset of the rash and until nose and throat discharges have subsided.

The Board of Health means to make quarantine as effective as possible and at the same time prove no hardship to the householder, especially the wage earner.

Adult members who do not come in direct contact with the sick may continue their usual vocation provided it does not bring them in contact with children who as yet have not gained an immunity by having any of the diseases in question. Permission must be granted by the Health Department after investigation.

Children in the same home where a communicable disease exists may be removed elsewhere, spend a satisfactory incubation period, provided it can be proved that they have had the disease in question and in the Board of Health's opinion not act as carriers of contagion. They may attend school after receiving a permit from the physician to the Health Department and provided nothing in the above conflicts with the rules and regulations of the School Department.

The close of the year finds an increase in tuberculosis over last year, showing the necessity of redoubling our efforts in discovering incipient cases and hospitalizing those who will be received or accept Sanatoria care.

During 1920 twenty cases of Pulmonary Tuberculosis were reported and undoubtedly a hundred undiscovered cases exist within our township.

Miss Fannie Buck is acting as Dispensary Nurse most efficiently.

Nineteen-twenty has shown no marked outbreaks of contagious character, though many unreported cases of chicken pox and pertussis existed.

LICENSES GRANTED.

Masseurs.—Margaret Walpole, Rose Scalzi.

Permits to Sell Alcohol.—Harry Chadbourne, Eldredge & Sons., Herbert A. Cass, Harry D. Bullard, Frederick A. Gould, Joseph Kurlansky.

Undertakers.—W. W. Watson, James B. Edwards, S. C. J. Quirk, George W. Wool, A. DePasquale.

One officer 28 hours per week.

One officer 3 hours per week.

I want to thank the officers and the various other town boards, and the selectmen, for their co-operation and assistance during the past year, and I still maintain and would recommend a permanent police force, but with the already heavy tax rate, which is almost too heavy for the people to bear, I cannot ask the voters this year to adopt a permanent police force, and can only give the citizens the best protection we can under the circumstances. Again thanking the policemen for their aid and assistance I remain

Respectfully Yours,

J. T. MURPHY,

Chief of Police.

Thanking the Honorable Board of Selectmen, and the public for the assistance given me during my term as sealer of weights and measure, I am

Respectfully,

DANIEL M. O'BRIEN,

Sealer of Weights and Measures.

Report of the Town Solicitor.

February 12, 1921.

To the Honorable Board of Selectmen:—

I herewith submit my report for the year just passed.

During the past year the Law Department has been kept quite busy on general matters concerning the Town Government, especially in the Tax Department.

The case of Carbary vs. Collins was tried in the Superior Court at Worcester and judgment was rendered for the plaintiff as Tax Collector, in the sum of \$1,460 30, which was the amount of the tax bill.

In the matter of Webb Granite Company, in bankruptcy, at this writing there has been collected of the taxes due \$4,184.84, and there remain the taxes of 1920, which I expect will be paid shortly.

The tax case of Carbary vs. Rowell and Heath in the Superior Court, settlement was made and the taxes collected by agreement of judgment for \$1,464.54, which was the amount due.

There is pending a tax sale on the property of Thomas Quinn, but I feel the matter will be settled before this report is printed.

The case of Bisiccia against the Town for alleged injuries due to a hole in the sidewalk has been settled by the payment of \$100.00. In this case the man claimed to have fallen and broken his leg due to a defect in the sidewalk.

There are no cases pending against the Town of Milford in any court and only one notice for damage for injuries due to defects in our sidewalks is now pending.

The Selectmen referred to this office the question of drawing up a set of regulations to cover the construction of buildings in the Town of Milford. I have been at work on them and they are not complete. It is a difficult task and

one that requires much thought in order that the requirements may not be too stringent and yet stringent enough to reasonably control the construction within the limits of our town. I may require the advice of a builder before I complete them.

There is one matter I want to call to your attention which seems to me very important. The sewer, that is, the street water sewer, on Central Street is inadequate to properly take care of the matter of drainage that enters it. The result is, that it backs and floods the cellar of the Milford Shoe Company. During the past year we have secured Mr. F. A. Barber, to make an investigation and make recommendations. His report you have on file, and the substance of that report is that the Town should construct a larger sewer to take care of this water and thereby prevent the damage to the Milford Shoe Company. This, according to the engineer, takes care of 32 acres of drainage area, and I strongly recommend the building of a sewer as recommended by the engineer, thereby possibly saving damage suits against the Town.

It is my desire to express my appreciation to all Public Boards for their courtesy to me in my relations with them as Town Solicitor.

Respectfully submitted,

JOHN C. LYNCH,

Town Solicitor,

Auditor's Report.

February 24, 1921.

TO THE VOTERS:—

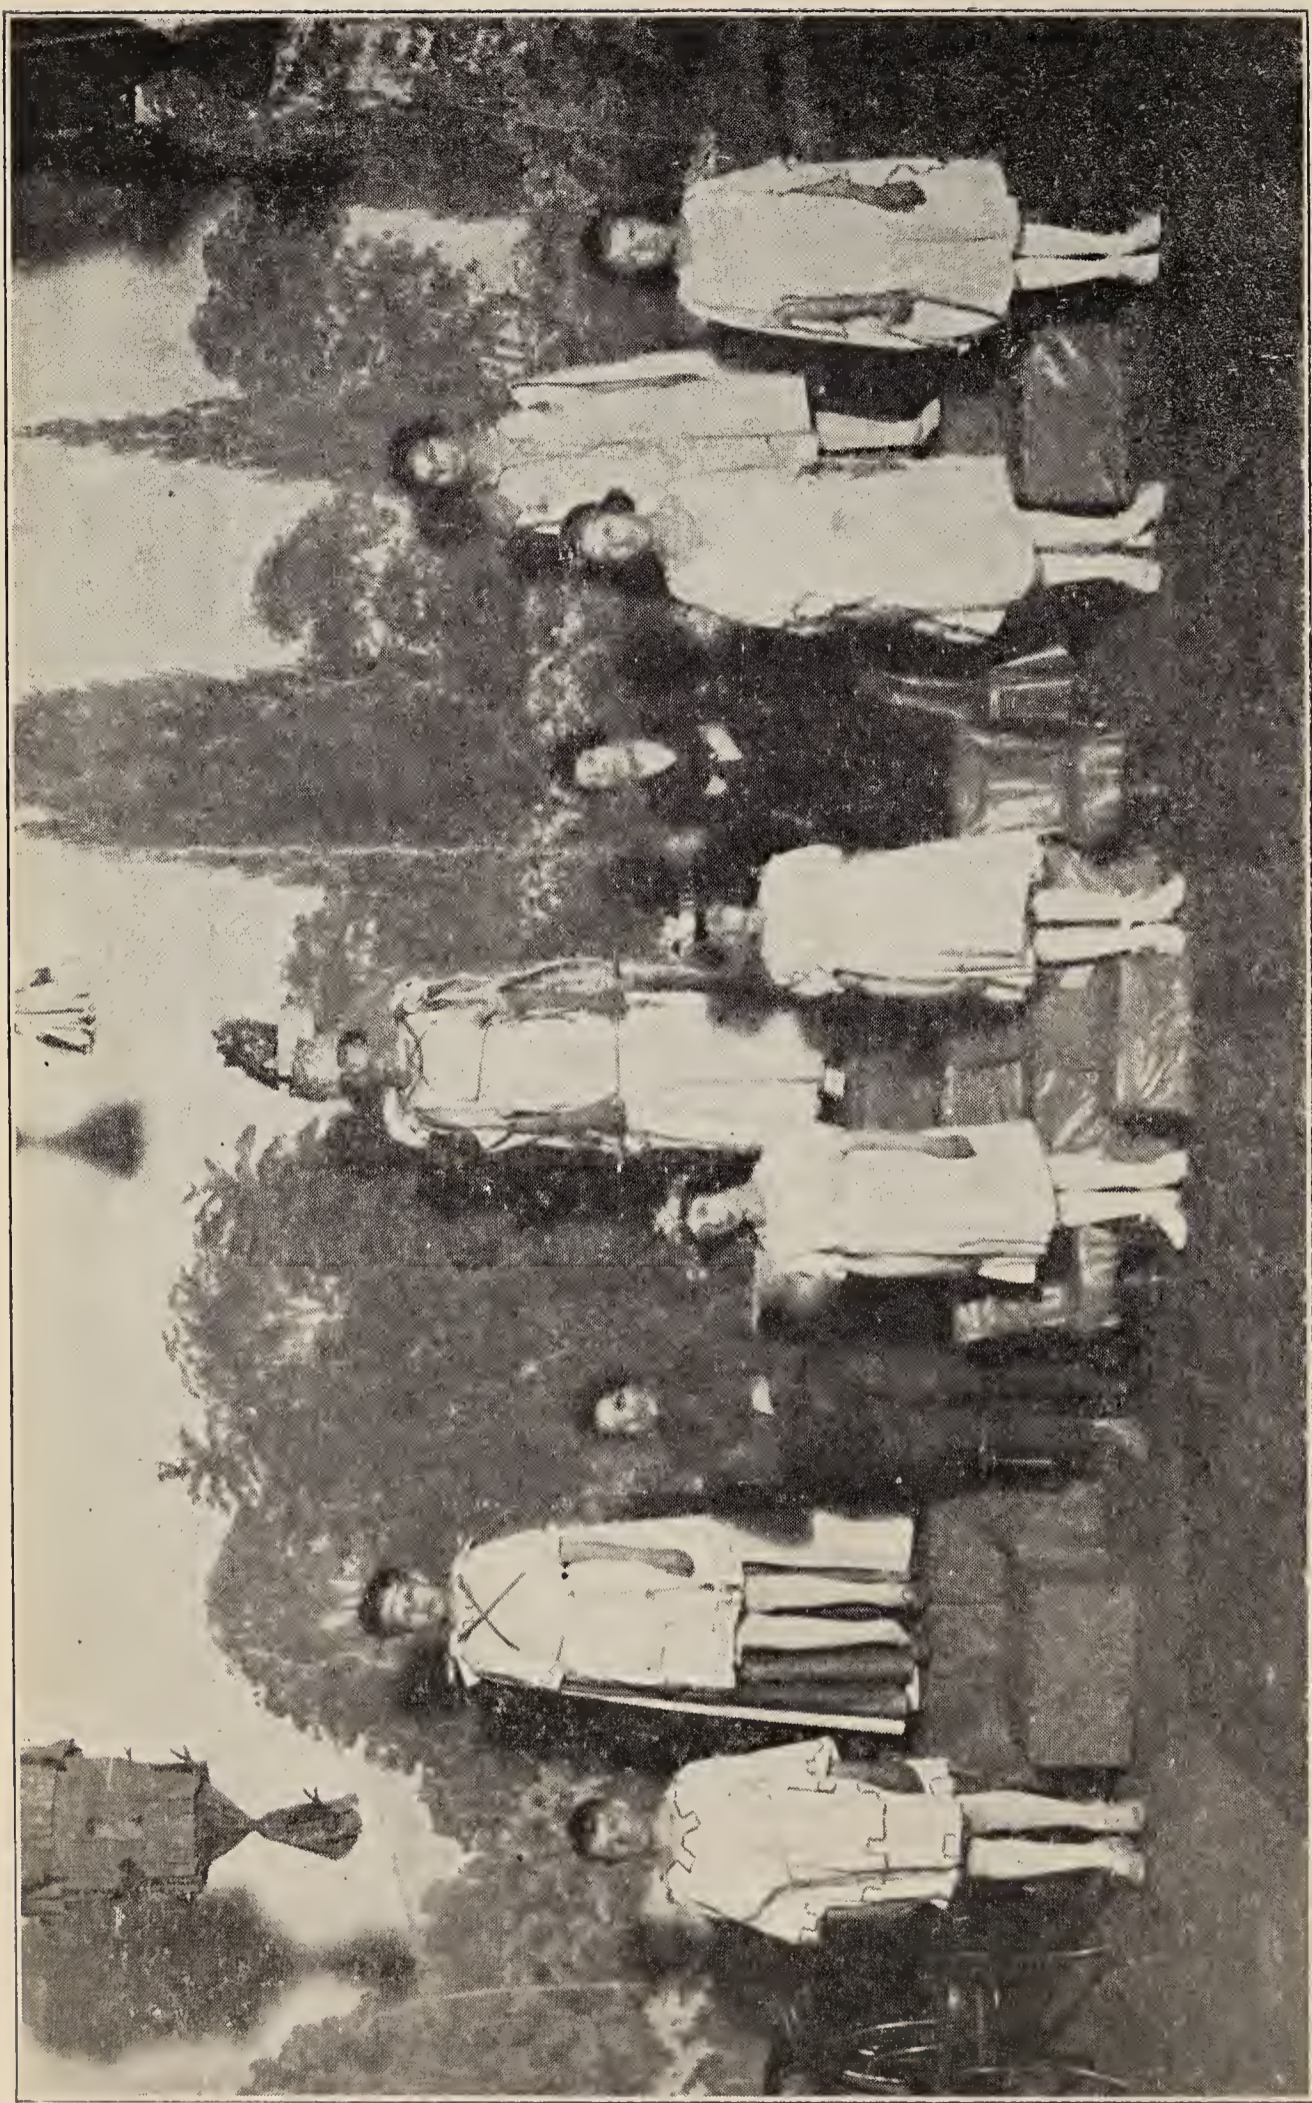

GENTLEMEN:—

I have carefully examined the warrants and vouchers drawn by the various departments of our town government and have found them correct as approved. As in previous years, I have eliminated all warrants and vouchers which, to me, did not appear town obligations, and by so doing am bringing officials to realize that town money is only for town business.

Respectfully submitted,

WILLIAM P. CLARKE,

Auditor.

Report of the Superintendent of Schools.

To the Honorable School Committee of the Town of Milford,
Gentlemen:—

I have the honor to present my tenth report as the superintendent of your schools, the forty-third of such reports in Milford.

SCHOOL YEAR 1919—1920.

EDUCATIONAL

The unsettled conditions and loss of time in certain schools referred to in last year's report have been corrected so that there has been practically no loss of time during the current year.

The Milford schools, so long exempt from the educational disturbances and loss of momentum incident to frequent changes in teachers, are now, in common with other school systems, increasingly subject to these disturbances, as evidenced by the list of changes in teachers in last year's report and again in this document. Two illustrations:—last winter a teacher was secured for the High School, was taken ill and upon her recovery, some two months later, secured her release and went to another position at a salary increase of several hundred dollars; more recently a grade teacher sent by an agency taught three weeks and accepted a "better position" elsewhere. The matter of teachers' salaries is especially referred to farther on in this report.

ECONOMIC

The calendar year 1920, saw the peak of high prices and the crest of profiteering. The costs of this department exceeded our appropriation about four percent. The larg-

est overruns were in the items of fuel and school supplies. For the former a sufficient explanation is found in (1) the extreme rigor of the winter weather during the first half of the year, causing the use of excessive quantities of coal; (2) the extreme rigor of coal prices (53% to 55% increase) and the constant deterioration in the quality of the coal furnished during the second half of the year, so that nearly as much coal was required in a given plant during the comparatively mild weather of the present winter as was formerly required during the severest winter weather. The increased expenditure for school supplies is explained:—(1) by increases in the prices of school text-books from 25% to 100%; (2) by further increases in the prices of all classes of school papers; (3) by a 25% increase in the cost of rebinding text-books; (4) by the emergency call for about 2700 new school books to replace old and out-worn texts; (5) by the fact that we had about fifty more students to educate than the previous year, all in the High school, where the per capita costs are twice those for educating the pupils in the grades.

The following comparisons are suggestive:—

	1914	1919	%in.	1920	%in.
Arithmetic Paper					
6 x 9	14c	30c	114	60c	100
White Composition

Coal		Spring		Fall	
Hard		\$ 9.00		\$14.00	55
Soft		11.75		18.00	53

A LARGER BUDGET

As indicated in the report and tabulated budget of the school committee this department is asking for a considerable larger appropriation than a year ago. This is

made imperative, (1) by the department's obligation of unpaid bills; (2) by the probable increase in school attendance to the number of 50 to 100 pupils—likely, as this year, to be in the High and Stacy Schools where per capita costs are much greater than in the Junior grades; (3) by the necessity of putting our teachers' salary schedules on such a basis that we can secure teachers for our schools*, and (4) by the state law making mandatory the operations of continuation schools from September 1, 1921.

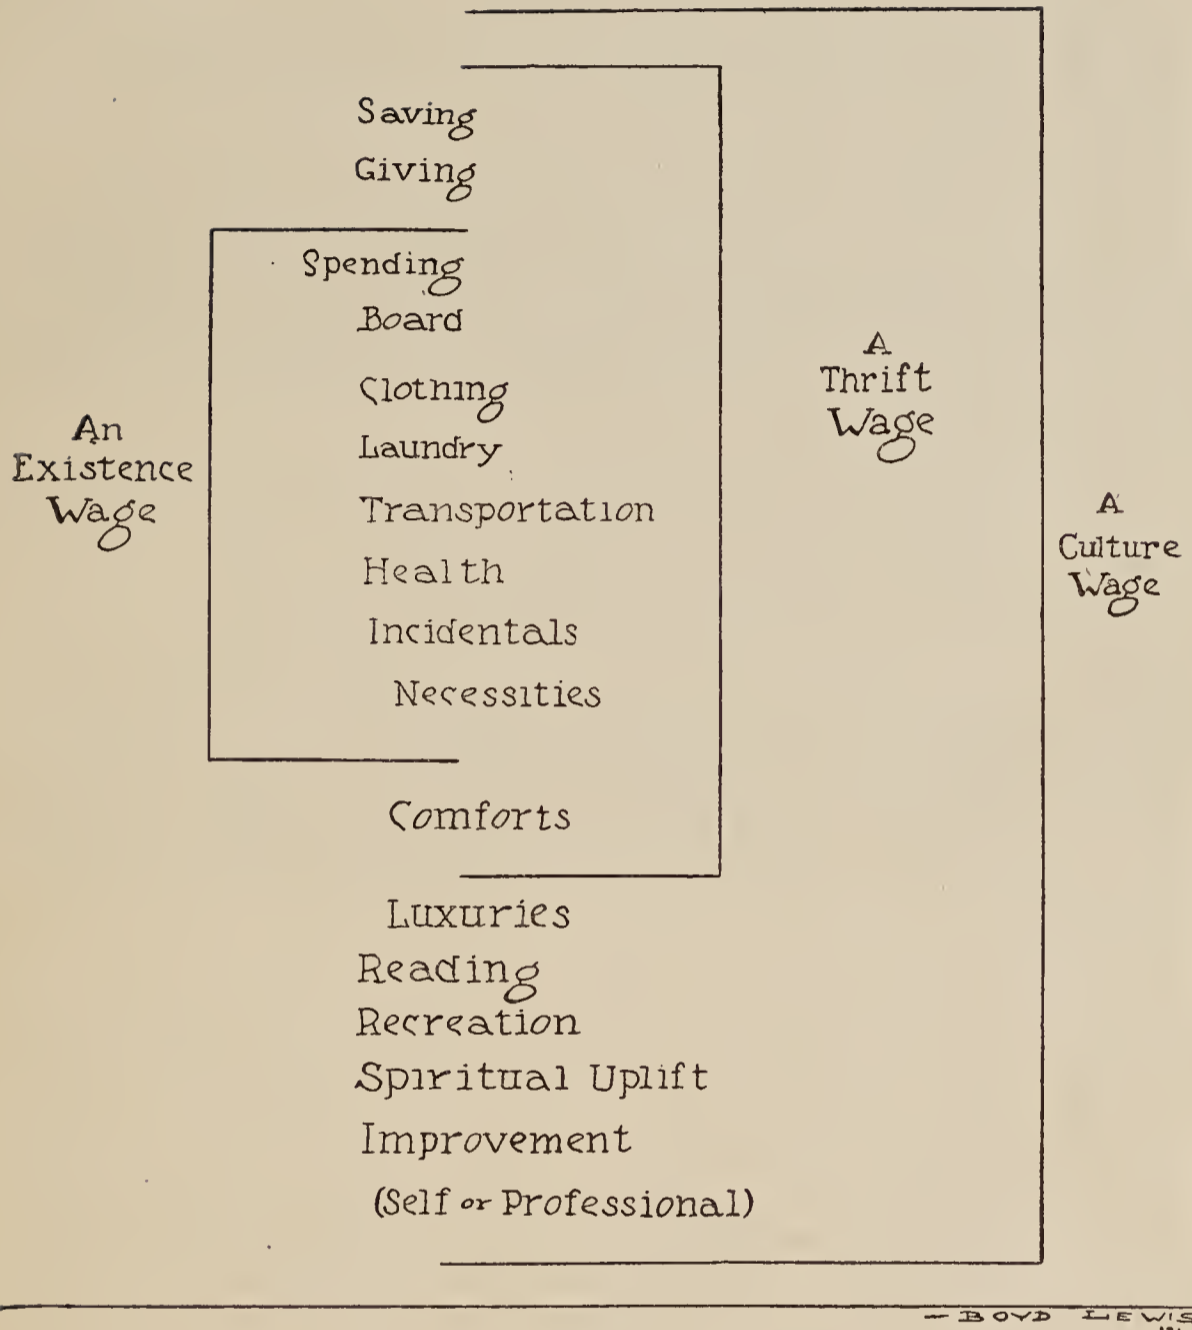

*At date two schools are being taught by temporary substitutes.

INCREASED COSTS OF EDUCATION

One fact is patent, i. e.; a municipality is subject to the same economic laws as an individual, for an increased scale of prices, whether it arises in economic law or reckless profiteering, affects both the individual and the municipality alike. There is no more reason for the municipality to expect to satisfy its needs at pre-war prices than for the individual to entertain such ridiculous hopes; furthermore: the municipality is simply a stock company, a collection of individual stockholders, and it follows inevitably that the individual must meet present day prices when he pays his share of the expenses of his company: the municipality, i. e.: when he pays his taxes.

A BUDGET FOR TEACHERS

A budget for teachers, devised by Miss Florence Barnard, a Brookline, Mass., teacher, published by the Massachusetts Teachers' Federation in a report and reprinted in a recent school report of the City of Newton is as follows:—

An existence wage pays for those least fit to undertake the responsibility of teaching. Their minds are un-nourished, and they are distraught with worry about the future.

A thrift wage brings relief from worry, but leaves the mind and soul hungering for those things which a teacher best knows she must have in order to do her duty.

A culture wage includes the other two, and equips the teacher for greatest usefulness in the school and in the community.

"As the teacher, so the child."

The above is but justice for the teacher, and is an ideal that every town should seek to realize, Milford no less than others.

But, as school administrators there is before us not only the call to do justice to a class that has had all too little consideration in the past, the teachers in our schools, but we are facing a serious situation, fraught with peril to our public schools.

From the report of the Recess Commission on Salaries I quote:—"The Secretary of the Interior has reported that 143,000 out of approximately 650,000 teachers in the United States resigned last year on account of inadequate wages; and the United States Commissioner of Education recently announced that 20,000 schools involving 500,000 pupils are closed for lack of teachers, and 40,000 schools are supplied with teachers below the minimum standard of efficiency."

A few words about salaries, from the same source:—"The cost of living increased about 100 per cent from 1910 to 1920, whereas the average salary of elementary school teachers increased 85.1 per cent. and that of night school teachers 50.7 per cent during the same period. The average salary of elementary teachers in 1920 is \$1237.83 and that of high school teachers, \$1695.48. Taking into account the increased cost of living, the former is equivalent in value to a salary of \$618.92 in 1910, or \$49.80 less than the average salary at that time, and the latter is equivalent in value to a salary of \$847.74 in 1910, or \$277.26 less than the average at that time....."

How is Milford meeting the situation?

The average salary of elementary teachers in Milford in 1920 is \$925.94, or \$311.89 less than the state average.

The **maximum** salary for elementary teachers in Milford in 1920 is \$1000, or \$237.83 less than the state average.

The average salary of high school teachers in Milford in 1920 is \$1033.33, or \$662.15 less than the state average.

The **maximum** salary of high school teachers in Milford in 1920 is \$595.48 less than the state average.

Out of 66 towns with the same or less valuation per pupil in the public schools:—

There were 30 towns with a higher percentage of increase in the salaries of teachers in the last ten years than Milford;

There were only four towns with a lower school tax per thousand valuation than Milford; and

There were only five towns appropriating a smaller proportion of the school, tax for teachers' salaries than Milford.

Out of 128 Massachusetts towns recently compared only sixteen pay a smaller maximum salary to grade teachers than Milford.

STEPS IN ADVANCE

There is cause for congratulation in Milford's progress as the home of new schools, that, while distinct from the public school system, are, nevertheless, decided contributions to the educational welfare of the community.

NEW ENGLAND JEWELERS INSTITUTE

Notice was recently given in the public prints that the Canton property on Congress Street, purchased some time ago by the New England Jewelers' Association, is to be remodeled for a school of watchmaking to accomodate about 50 students. Mr. E. F. Lilley of Milford, former president of the Massachusetts Retail Jewelers' Association, is to be the first head of the school.

The institution will be known as the New England Jewelers' Institute, and will embrace exhaustive instruction in watchmaking, jewelry repairing, engraving and optometry. The course is to occupy two years.

ST. MARY'S INDUSTRIAL SCHOOL.

During the past year an industrial school was opened by St. Mary's Circle of the Catholic Welfare Council in the Father McGrath Home.

Competent teachers are in charge of classes in Dress-making, Cooking, and Embroidery for women and High School Girls. Instruction is also given in Physical Culture and out-door games for girls.

The school is admirably located in the Taft mansion on Claflin Hill and has been splendidly equipped for the work in hand.

UNIVERSITY EXTENSION.

The single University Extension class of a year ago has grown to three. Mr. Chilson's class in Mechanical Drawing is continued, there is a class in Elementary Accounting and one in Spanish.

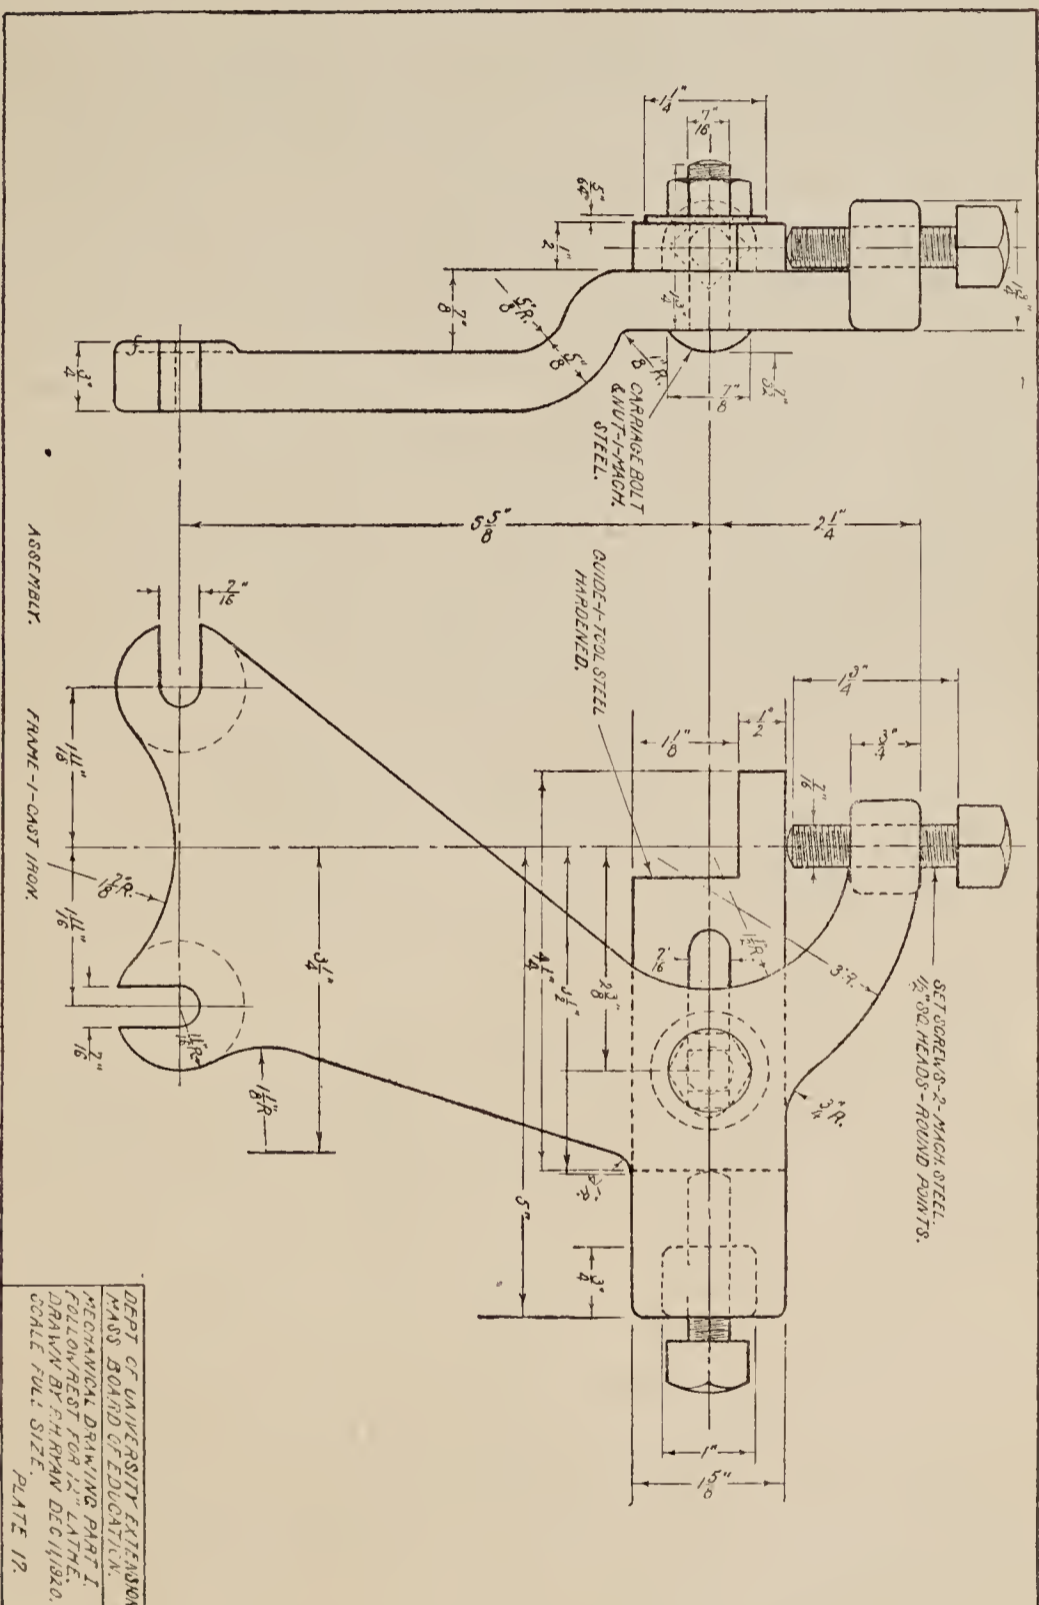

Mechanical Drawing

From Mr. Chilson's report I quote:—

"The Mechanical Drawing class was organized on November 15, 1920 in the Milford High School with a membership of 15 pupils. The number has been increased until at present it is 27. The meetings have been well attended with an average attendance of 17. It is pleasing to the State authorities and to the instructor in charge to note the interest manifested and the good work accomplished in this course. It goes to show that mechanics are realizing the importance of the knowledge of drawing in connection with their work and the opportunity of obtaining that knowledge through the State and the Town of Milford."

Elementary Accounting

This course covers sixteen assignments in all, three of which have already been covered. It offers a splendid opportunity for those who have very little knowledge of bookkeeping to get, at very small expense, a fine found-

ation for advanced accounting. The course starts with the assumption that one has no knowledge of bookkeeping and proceeds through difficult financial statements. It covers practically the same subjects that would be covered by the average professional school of accounting during the first two years. The Class is in charge of J. Roy Kerr, Esq.

Spanish

A Spanish class of more than 30 members was organized early in the fall and met Tuesday nights until Christmas. Up to this time the class was in charge of Mrs. Stauton, Dean Academy who retired at New Year's and was succeeded by Professor P. P. Fernandez of New York. There has been a healthy attendance and a lively interest that promises well for the future of this line of study in our Extension department.

CONTINUATION SCHOOLS.

A fourth addition to the town's educational facilities will be the Continuation Schools.

The number of minors 14 to 16 years of age employed within the limits of Milford has passed beyond the minimum 200, so that we are face to face with the necessity of providing continuation schools from September 1, 1921. By the terms of the statute authorizing these schools (July, 1919) all minors 14 to 16 years of age must, while employed, attend the continuation schools at least four hours a week. While unemployed they must attend at least 20 hours a week.

Work must be given in the regular subjects of day school and also work in manual and vocational subjects. There should be a man teacher for the boys and a woman teacher for the girls in each line of work. The Commonwealth bears one-half the expense.

These schools are being extended throughout the Commonwealth. The writer recently spent a day in the continuation schools of the city of Worcester, and found

much to admire in their excellently organized and administered schools, as regards the quality and quantity of work done and the number of pupils helped.

The estimated cost to Milford for the first four months, September 1921 to January, 1922 (Milford's half) is twelve hundred dollars (\$1200).

TEACHER'S REST ROOM AT THE STACY SCHOOL

Through the efforts of the Stacy School children in their successful entertainment, described elsewhere in this report, a long felt want has been supplied at the Stacy School. The sum of \$200.00 of the proceeds of "Kiddies" has been used in the purchase of furniture, and the teachers' room on the second floor has been furnished as a first-aid room. The furnishings comprise—a cretonne-covered day couch, a leather-seated oak chair, two rockers, an oak library table, a mirror, cretonne curtains, and a 9 x 12 velvet rug.

ATTENDANCE FORECASTS.

HIGH SCHOOL

Present enrollment, 294, less 43 Seniors, equals 251 in the three upper classes, resident in the High School Building. Two hundred fifty-one less 38 (15 per cent. allowance for shrinkage) equals 213. (Last year's forecast 177; number in three upper classes in Sept. 1920, 178. At date 178).

GEORGE E. STACY SCHOOL

One hundred fifty-five 9th graders, plus 299 8th graders, plus 267 7th graders, equals 651. Six hundred fifty-one less 65 (10 per cent. allowance for shrinkage) equals

585, requiring 15 rooms. This means a crowded High School building as last year.

CHANGES IN TEACHERS

Left the Service—High School.

Principal C. A. Fitzgerald, who had been connected with our High School since 1912, first as sub-master and since 1914 as Principal, severed his connection with the Milford schools at the close of school in June to accept a teaching position in the Worcester North High School. Principal Fitzgerald made a wide circle of friends and won a warm place in the hearts of his pupils. A pleasant feature of the High School graduation exercises was the presentation to Principal Fitzgerald of a substantial purse of gold by the pupils of the school.

In April, 1920 Miss Catherine A. Power, for several years a successful and popular teacher in the High School resigned to become Mrs. Robert A. Mannix of Springfield, Mass.

Left the Service—Grades.

Miss Kathryn Harrington, teacher of the 4th grade in the Plains Annex, connected with Milford schools since 1911, gave up her position at the close of the school year

to become Mrs. Jordan of Framingham. Miss Harrington leaves her work with the best wishes of a wide circle of friends and a secure place in the hearts of her pupils.

Miss Margaret L. McNamara, a successful teacher of the 7th grade in the Stacy School, severed her connection with Milford schools at the end of the school year 1920, to accept a larger opportunity elsewhere.

Miss Helen R. Hogan, a popular teacher of grade 3, Oliver Street School, left the service during the fall term to become Mrs. Ralph R. Maxfield of Framingham.

Miss Katherine H. Lyman, an efficient teacher of the 7th grade in the Stacy School, member of our teaching force since 1914, left the service at the end of the fall term 1920, to accept a position in the schools of Worcester.

Miss Frances E. McCann of Castleton, Vermont, teacher of grades 5-6, in the Park School, severed her connection with the Milford schools at Christmas, 1920.

Mrs. Mabel K. Tyler, teacher of the Purchase Grammar School, has been given a leave of absence in the hope that a much needed rest would totally restore her to health.

Entered the Service—High School

Miss Ruby F. Sutherland of Somerville, Mass. A. B. Boston University, with training in Emerson College of Oratory succeeded Miss Sadie A. O'Connell as teacher of English and Expression.

Miss Elizabeth Morrison of Washington, D. C., A. B., Trinity College, 1916, came to the High School upon the resignation of Miss Power. Miss Morrison has English and Latin and is High School librarian.

Miss Mae Comba of Milford, A. B., Trinity College, Washington, D. C., came to the High School at beginning of present year, as teacher of History, Latin, and Algebra.

Entered the Service—Grades

Mr. Wilfred A. Beaudry, A. B., St. Francis Xavier University, Nova Scotia, with five years of successful experience, was elected Principal of the Geo. E. Stacy School,

succeeding Principal, Thomas J. Quirk. Mr. Beaudry brings to the position unusual training and a rich experience and has made an excellent beginning in his new field. Reference to the Junior High School and the school theatricals, in connection with which Mr. Beaudry has done considerable work since coming to us is made in this report.

The committee is fortunate in securing the services of Mrs. Helen W. Bird, for a number of years a teacher in our grades, to take charge of the extra seventh grade in the Stacy School.

Miss Anna A. Calabrese, Milford High School, 1918, Framingham Normal School, 1920, Assigned to Plains Portable, Grades 4 and 5. She took up her duties at beginning of Fall term.

Miss Maude E. Frost, Milford High School, 1918, Framingham Normal School 1920, began her work at beginning of Fall term, 1920. Assigned to Grade 1, Plains Primary School.

Miss Grace M. Carron, Milford High School, 1918, Framingham Normal School, 1920, took charge of Bear Hill School at beginning of Fall term, 1920.

It was the good fortune of the Committee to secure the services of Mrs. H. T. Cronin, a former teacher, for Grade 5, Park School. Mrs. Cronin assumed her duties at the beginning of the Fall term, 1920.

Miss Frances E. McCann of Castleton, Vermont, a graduate of the Castleton Normal School with several years of successful experience took charge of the divided Grade 5 and 6. Park School, at the beginning of September 1920.

Upon Miss Catherine McNamara's transfer from Grade 4, Claflin School to Grade 7, Stacy School, her former class at the Claflin School was taken by Miss Helen F. Tully of Milford, Mass., Miss Tully is a graduate of St. Mary's Academy, with teaching experience in Americanization work.

Transfers—

Miss Beatrice Battles, Bear Hill to Grade 1, Hoboken.

Miss Eva M. Kennedy, Grade 1, Claflin to Grade 1, Spruce St.

Mrs. A. A. McManus, Grade VI Claflin to Grade VI Park, with class. This change was forced by the necessity of providing room for another 2nd Grade in Claflin School.

Miss Catherine M. McNamara, Grade 4 Claflin to Grade 7 Stacy.

Mr. Thos. J. Quirk from the Principalship of the Stacy School to the Principalship of the High School.

The students of the Milford schools raised \$206.12 for the "Hoover Fund". I take this opportunity to extend the thanks of this department to the teachers and pupils responsible for this fine effort.

STACY SCHOOL DRAMATICS.

At the Milford Opera House, January 31, 1921, "Kiddies", a musical conglomeration in a Prologue and two acts, was presented by the Geo. E. Stacy school children. The play was written and produced under the direction of Prin. W. A. Beaudry and the teachers of the school.

The play itself is a tribute to the imagination and literary art of Mr. Beaudry and its preparation and presentation were evidences of executive ability and capacity for hard work on his part.

The children's costumes were of surprising variety and beauty and reflected great credit upon their designers and makers, the teachers of the Stacy school.

The speaking, singing, and dancing numbers by the children were most creditably done and reflected the long and patient training by their teachers.

There were capacity audiences at both the afternoon and evening performances, and four hundred and fifty dollars (\$450) was realized for school purposes. Of this sum two hundred dollars (\$200) has been devoted to furnishing a first aid room, two hundred dollars (\$200) to equipping a school play ground, and the balance will be used as the nucleus of a future fund.

HIGH SCHOOL

From Principal Quirk's report I quote as follows:—

"The total enrollment of the High School on Septem-

ber 13th was 294. At the present time there are 288 pupils enrolled—130 boys and 158 girls. It is pleasing to note that only six have left school in five months.

“There have been some slight changes in the curriculum during the past year. Rhetoricals are taken up extensively in the Senior and Junior classes and weekly divisions from each class are heard. It seems advisable at the present time to recommend that the Senior stenographers who are in the offices take up typewriting ten periods per week and receive five credits for it so that they will be afforded a greater opportunity for doing better work in this line.

“Fifty-seven young ladies and gentlemen received diplomas in June. Of these nineteen entered colleges or technical schools; three entered normal school; several entered business schools and the remainder are either in business or employed at home. In June Typewriting Diplomas (for excellence in typewriting) were awarded to Rose Vitalini, 1920, Florence Tellier, 1921, Francis Hannigan, 1921. Ruth Fales, Valedictorian of the 1920 class, won the third prize in the Patrick Prize Peace Essay Contest, the book prize for Excellence in the Classics, and the five dollar gold prize, offered by Miss Florence Whittemore, for the best editorial on “Education”. Edith Rose, 1920, won a second prize of two dollars and one-half in gold, offered by Mrs. V. N. Ryan, for an editorial on the “Perils of Prosperity”. Miss Eleanor Metcalf, 1920, won the fourth prize in the Patrick Prize Peace Essay Contest. The 1920 class gave to the High School, on the eve of graduation, the main plate of a beautiful bronze honor roll which will be dedicated to the World War Heroes some time soon. The dimensions of this plate are 22 inches by 19 inches and it bears the inscription—

“THE REVOLVING WEDGE”—HIGH SCHOOL DRAMATICS, 1920-1921.

 IN MEMORIAM
 PHILIP JOSEPH CALLERY

The program of graduation and the lists of graduates will be found elsewhere in this report.

“Considerable progress has been made in athletics during the past four or five months. Our foot-ball team completed a ten game schedule on Thanksgiving Day and met on the field some of the best teams of this vicinity and made a very creditable showing against opponents who in most cases out-weighed our boys 15 to 20 pounds per man. Through our efforts the old Midland League has been re-established and thus greater competition will be offered to the pupils of Natic, Marlboro, Hudson, Needham and Milford. At this time we wish to thank King Bros. for their splendid gift of twenty pennants to the foot-ball team.

“Following out the precedent established so successfully by other classes, the class of 1921 presented on the evening of November 22, the comedies “The Revolving Wedge” and “Quits”. The thespians were well coached by Miss Ruby F. Sutherland of the M. H. S. Faculty, to whom high praise is due for the time and care she devoted to the preparation of the plays. The members of the cast did excellent work and won the hearty applause of the large audience who saw the performance. Miss Helena F. Swift, Music Supervisor in our schools, was in charge of the musical program given in conjunction with the production of the comedies and we are deeply indebted to her

for the fine musical numbers on this program. The proceeds of the entertainment were given to the Athletic Association.

"The honor roll of students who do 85% work or over is posted every two months and published in the Milford News. The list for September and October had thirty-three names of students while the last list showed a gain of eight more or twenty-five per cent. The posting of this list seems to have encouraged the pupils to do better work.

"The maps which have been placed in the High School for reference work have proved very satisfactory and have been of great assistance to the teachers and pupils.

"A very successful dance was conducted in January under the auspices of the Senior Class and the proceeds of this pretty mid-winter dancing party were also presented to the Athletic Association.

"About the middle of October an orchestra was organized and has furnished fine music for all our High School entertainments. The personnel of the orchestra is Leo Dickson, leader; Edward Lord, pianist; John Julian, Frank Todino, Donald Miller and Walter Wall, violinists; Ralph Volk and Samuel Bean, cornetists."

GEO. E. STACY SCHOOL

In his first report as Principal of the Geo. E. Stacy School, Prin. Beaudry says in part, after deprecating, with becoming modesty, snap judgments:—

"....We may safely form some judgment regarding the system in vogue as compared with systems of other schools.

"A close study of our present system together with results attained through the administration of standardized tests prompts me to recommend that the school system be organized anew. With this recommendation in view I have prepared a thesis on the junior high school system, which I submit under separate cover for your consideration

as being better suited to the needs of the school child of Milford.

"The children under my supervision have made manifest upon several occasions a zealous desire to aid in promoting the welfare of any humanitarian cause.

"This manifestation on the part of the pupil body has convinced me that the junior high school system would prove a marked success for our children because the ultimate purposes of this system is the training of children in self-reliance and service to others.

"The teaching staff of each school responds with a splendid co-operative spirit to any professional request and are rendering conscientious service.

"A musical production was presented by the children of the school at the Opera House, January 31st. Parents, teachers and pupils all worked arduously to effect success, socially, and financially.

"Some four hundred-fifty dollars was realized and this money will go towards the promotion of physical education.

"Amount realized from Christmas Seal Sale ..\$39.00."

EVENING SCHOOL

The enrollment at the night school and the average attendance was the largest for several years. From Principal Moore's report I quote as follows:—

"The steady attendance was due in great measure to the continuous cooperation given by the manufacturers employing compulsory students; their cooperation was very gratifying during the entire term.

EVENING SCHOOL

Attendance:—School opened October 4, 1920, and closed December 22, 1920—term twelve weeks. Total enrollment—78; average membership—53.3; average attendance—47; per cent. of attendance—88.

Statistics;—Boys 62, girls 16, literate 16, illiterate 62.

Places of Employment:— Draper Corporation, 44; Milford Shoe Co., 8; Milford Iron Foundry, 3; Miscellaneous, 23.

Nationality of Pupils:—Italian, 36; Portuguese, 22; Armenian, 6; Jewish, 4; Swedish, 4; American, 2; French, 1; Polish, 1; Lithuanian, 1; Roumanian, 1."

MUSIC

In her report of the Music Department Miss Swift says:—

"The course of study which was arranged last year for the various schools has been followed and the teachers and pupils are working with splendid enthusiasm.

"On May 12, 1920 our grade pupils gave a public recital which attracted a capacity audience and gave unusual satisfaction. The unison and part singing and versatility of musical expression was a revelation to the large audience. A sum of \$100 was netted and this money has been set aside as the nucleus of a fund to meet the needs of the Music Department.

"In the High School 108 pupils have elected music as one of their studies. Four part music is being taught and splendid results have been attained, especially when it is recalled that only two periods a week are given to this work. At a recent play given by the Senior class a double quartette of boys and a double octet of mixed voices contributed many numbers to the evening's program.

"Throughout the grades we are studying breathing, tone-production and expression—three essentials in vocal work; in the Primary Grades Rote Singing and Sight Singing are taught and in the Grammar Grades the study of Sight Singing is continued.

"To encourage the children in vocal culture, much of our time is spent in the formation of trios, quartettes etc. and the results are very gratifying.

"May I suggest that at least twenty minutes daily be devoted to Music in the High School; that this daily prac-

tice work be under the guidance of a member of the High School Faculty; that more time be allotted to the music course, so as to secure practical results and that all who have singing voices should take the Music course as part of the required curriculum."

DRAWING

During the past year the same general lines of work have been pursued as in former years, with the addition of a new subject "Commercial Advertising." This subject has been studied in the grammar grades and in the High School, and has proved to be an excellent incentive to better work in object and figure drawing, as well as in hand lettering.

Considerable time has also been devoted to the making of posters for school entertainments by Stacy School and High School pupils. We aim, as usual, to develop good taste and art appreciation, since this development is one of the most important reasons for an art course. The training in color and design, which a pupil has received in school, later in life guides his selection of a home, its furnishings the kind of advertisements he will insert in street cars or newspapers, his dress, even the arrangement of his store window.

Original designs were made and executed in hand embroidery and crocheting by the girls, and in stenciling and gesso on wood by the boys.

SCHOOL ATTENDANCE

The Attendance Officer reports 129 complaints by teachers, of which 56 cases were found to be truancy, 21, carelessness of parents, 26 to sickness, 11 to lack of proper clothing, 7 excusable, and 8 were taken from homes and the streets and brought to school. The Superintendent reported 115 minors, 14-16 years of age, not in school during periods of non-employment. Most of these cases had been reported more than once, and every case has been

investigated. Some were returned to the schools and others have obtained working certificates. One case of truancy was prosecuted and the offender put on probation for 6 months. The Attendance Officer made 90 visits to the schools. At present there are no minors known to be working without proper certificates.

CO-OPERATING AGENCIES.

DENTAL CLINIC.

The Dental Clinic recommended for several years by the writer of this report is now an accomplished fact. The following account is based on the report of Mr. Paul Williams, Chairman of the Red Cross Dental Clinic Committee.

Impressed by the reports of the school nurse as to the need for a School Dental Clinic in the towns served by her, the Civilian Relief Committee of the local Red Cross branch a year ago took the matter under consideration, secured financial support to the extent of \$1250 from the Worcester chapter of the Red Cross, raised further funds by subscription, and furnished a complete dental outfit, viz: furniture, instruments and supplies, all of the highest grade and latest type. On October 25, 1920 the Clinic began its work at the Red Cross Headquarters, Room 11, Grant Block.

Dr. Herbert F. Wright, D. M. D., a graduate of Tufts Dental School, with a long training at the Forsythe Dental Infirmary, was selected as first manager and operator, and to his tactful and efficient management is due in no small degree the success of the institution. The public schools of Milford, Hopedale and Mendon, also the Parochial Schools, are each allotted a certain proportion of the time. Save Saturday, which is divided into five forenoon periods, all working days have nine periods each. Therefore, there may be fifty treatments per week. A small fee for the work is charged, and the income therefrom

has proved sufficient to pay the sundry running expenses, barring, of course, the salary of the operator.

Children are admitted for treatment only upon presentation of a card bearing the consent of a parent and the recommendation of the teacher. A report of the treatment administered, with dates for future appointments, when necessary, is taken back to the teacher by the pupil.

In December, Dr. Wright tendered his resignation to accept a lucrative position in Honolulu. Dr. Wright's successor is Dr. John A. Cleary, D. M. D., of Holyoke, his experience and training being substantially identical with that of his predecessor. Dr. Cleary is still in charge.

It is exceedingly doubtful if this year it will be possible to treat all those children whose teeth would, without this or a similar institution, in all probability, be neglected.

SCHOOL NURSE.

Most wisely, I believe, the services of the school nurse, furnished last year, by the Milford, Hopedale, Mendon District Nursing Association, were secured for another year, this department paying a proportional part of her salary for three days of her time. Miss Lillian M. Sinclair, the efficient school nurse of 1918-1919 retired at the end of that school year, Miss Nora Rowell, the efficient and popular district nurse taking her place until October, 1920, when the services of Miss Fannie S. Buck, R. N., were secured. Miss Buck has entered upon her new work with intelligence and enthusiasm. During the fall term Miss Rowell left the service to enter a larger and more lucrative field and was succeeded by Miss Kelley, R. N.

Extracts from Miss Buck's Reports.

Dental work is slowly being attended to. As many pupils as possible are encouraged to go to their own dentist, but there is a large number which should go to the dental clinic. The dental work at the Chapin and South Schools is nearly completed, while a few from the Stacy and Spruce St. Schools are still going. The last week of the term, work was begun on four from Bear Hill. The other outlying schools are waiting for appointments.

There is need of a great deal of visiting to secure the establishment of better hygiene in the Schools and all the time outside of school hours that can be devoted to that will be utilized.

SUMMER PLAYGROUNDS

The playgrounds were open for five weeks, with an average attendance of 150 in the Plains district and 50 in the Town Park.

The children were taught various games and dances, as well as the industrial work given at the Milford Hospital and to the district nurses.

The financial report given farther on shows that the Town's appropriation of \$200.00 is not enough to pay the teachers even the small salaries they receive. Last summer the playground managers had to appeal to the Quinshipaug Woman's Club for funds.

The managers of the playgrounds section feel that a town of the size of Milford should appropriate money enough to hire competent teachers and keep the apparatus in repair so that Milford's children could be kept off the streets and out of danger for at least three hours a day.

Mrs. Wilson, in her report, asks that the Town appropriate \$500.00 for playgrounds, and I hope that this appeal may not go unheeded by the voters.

This movement has borne good fruit in joyous, happy childhood, during several summer vacations,—fruit out of all proportion to the trifling contribution that Milford has made.

REPAIRS AND REPLACEMENTS

Four new room unit furnaces at the Park School,

(fully described in last year's report), Clark, Elis & sons, Roberto Costa, and Waters & Hynes; Park School fence, and blackboards redone in various schools, E. F. Porter; South School fence rebuilt, Waters & Hynes; South School fence painted, H. J. Baily; various school walls and ceilings repaired, Roberto Costa.

In addition to the above there were various repairs to seats and desks, window shades, and heating and plumbing systems throughout the year.

CHANGE IN STAMP SAVINGS.

It is with regret that we learn of the decision of the Social Service department of the Quinshipaug Woman's Club, to give up the Stamp Savings in the schools. Every Friday afternoon during the school year for 20 years, members of the Woman's Club have met the youthful depositors, at first in the High school and afterwards at the Stacy school, and conducted the Stamp Savings work.

Thus has been met the obligation, always a moral one, and lately a legal one, to teach thrift in schools. During the two decades under review, under the energetic leadership of Miss Josephine E. Thayer, some \$16,000 has been deposited by the children in Milford schools.

Savings accounts started 533

Deposited in Savings Bank accounts .. \$2214.87

The obligation, moral and legal, to conduct this work exists and an effort is being made to revive the failing War Stamps Savings in all the schools and let it take the place of the earlier effort now unfortunately given up, as recommended at a recent Washington Conference of Treasury Department officials and leading educators.

RECOMMENDATIONS.

The following, previously recommended, are now accomplished:—

(1) The services of a school nurse secured and retained.

(2) Dental Clinic.

(3) Relocation of the cooking school (authorized).

The following recommendations I respectfully renew:—

(1) Manual work for boys.

(2) A different type of High school graduations.

(3) The South School should be remodeled as recommended a year ago and more room and more suitable room should be furnished in the Plains District; but recent experience in relative congestions in different sections leads to the conclusion that the latter is more urgent than the former.

For myself and in behalf of my co-workers I thank your committee for your consideration during the year, and I tender to them this sincere expression of my sense of appreciation of their loyalty and helpfulness.

It must be evident now to nearly all the Milford Parents that medical inspection in the schools is a very important and valuable public service. Each year it becomes more effective in improving the health of the pupils. To the school physician who has the opportunity of comparing the conditions from year to year and noting the records of individual pupils on their journey through the grades the results are quite encouraging, many children whose intellectual progress has been impeded by real physical defects and abnormalities, have been seen to brighten up and show increased interest in their studies after treatment by their family physician or dentist. Much credit also should be given to the school nurse, whose persistent efforts have succeeded in drawing serious attention to the little cards sent home by the doctors. The sole objective of the inspection work is the welfare of the pupil, and it is most gratifying to observe the growing appreciation and cooperation of the parents.

Air—“Believe Me If All Those Endearing Young Charms.”

Now we stand at the portals of Life's open gate,
 Through which we so soon must depart,
 And anxiously now Life's great call we await,
 And pray for the best in our heart.

The last four happy years have been joyful and gay,
 With no thought of grey care to alarm,
 And now we are sure as we enter the fray
 That we every foe can disarm.

Alma Mater so fair has prepared one and all
 To face every fact unafraid,
 And as we go forward to answer the call,
 We know that we're all well arrayed.
 In her halls we have learned to be fearless and true,
 And to make every ideal high,
 So that now every game that we play is true blue,
 And we know that success will be nigh.

We all know loyal friendship will ne'er break apart,
 As the years roll along in our life,
 And we'll say with true fervor and faith in our heart,
 That we'll try to e'er conquer in strife.
 To our own Alma Mater we now say adieu,
 To our teachers, the warmest of friends,
 And in this last farewell which we now bid to you,
 We pledge to be true till life ends.

ANNUAL TOWN MEETING, MARCH 1, 1920.

COMMONWEALTH OF MASSACHUSETTS.

Worcester, ss.

Milford, March 1, 1920.

At a legal meeting of the inhabitants of the Town of Milford, qualified by law to vote in elections and in town affairs, holden this first day of March, A. D. 1920, at 5.45 o'clock in the forenoon, the said inhabitants proceeded as follows:—

The meeting was called to order by the town clerk who read the warrant and the officer's return thereon.

Under Article 1. The meeting made choice of John T. McLoughlin as moderator, the voting list being used.

Two ballots were cast all of which were for John T. McLoughlin.

The moderator was sworn to a faithful performance of his duties by the town clerk.

The polls were opened at 5.55 o'clock A. M.

Voted: To close the polls at eight o'clock P. M.

Harold K. Bullard and Dominick J. Lang appointed tellers to check the voting lists at the polls were sworn to a faithful performance of their duties by the town clerk.

William G. Pond and George V. Larkin, ballot clerks, and Joseph J. Clancey and James J. Connors, deputy ballot

clerks, were sworn to a faithful performance of their duties by the town clerk.

Voted: That after the completion of action under Article 2, the meeting be adjourned until Monday, March 8, 1920, at eight o'clock P. M. in Town Hall.

Due notice having been given, the polls at eight o'clock P. M. were declared closed.

During the voting the ballot box was opened, by the unanimous consent of the moderator and town clerk, four times for the purpose of taking out, sorting and counting the ballots; first at 1.30 P. M. when it registered 509, then at 5 14 P. M. when it registered 941, then at 6.30 P. M. when it registered 1300, and at the close of the polls, 8 o'clock P. M. when it registered 1773.

The ballot box count and the count of the checkers and ballot clerks both agreed. List at the polls 1773. List at the tables 1773.

The names of those on the list of voters which were checked and audibly counted were found to be males 1772. Female 1.

WARRANT FOR TOWN MEETING, NOVEMBER 2,
1920.

COMMONWEALTH OF MASSACHUSETTS.

Worcester, ss.

To either Constable of the Town of Milford in said county,

Greeting :

In the name of the commonwealth aforesaid, you are hereby required to notify and warn the inhabitants of said town, qualified by law to vote in elections and in town affairs, to meet at the Town Hall in said town, on Tuesday, the second day of November, A. D. 1920, punctually at 5.45 o'clock in the forenoon, at which time the polls will be open for said voters to give in their ballots to the Selectmen of said town, for electors of President and Vice President of the United States, Governor, Lieutenant Governor, Secretary, Treasurer, Auditor, Attorney General of the Commonwealth of Massachusetts, Congressman, (Fourth Congressional District), Councillor (Seventh Councillor District), Senator, (Fourth Worcester Senatorial District), Two Representatives in General Court, (Ninth Worcester Representative District), Two County Commissioners, (Worcester County), Sheriff, (Worcester County), all on one ballot designating the office intended for each person voted for as provided for under the provisions of Chapter 835, Acts of 1913, and Acts in amendment thereto.

Also upon said ballots the voters shall give in their votes "Yes" or "No," on the Acceptance of an Act entitled "An act to regulate the manufacture and sale of beer, cider and light wines."

(The polls may be closed at four o'clock in the afternoon on said day of meeting.)

At two o'clock in the afternoon of the above mentioned second day of November, at the same place there will be a meeting of the above described inhabitants to act upon the following articles namely :

Article 1. To choose a moderator to preside at said meeting.

Article 2. To see if the town will vote to appropriate

the sum of Twenty Thousand Dollars (\$20,000.00) for the purpose of meeting increases in the salaries of teachers and supervisors, the same to be in addition to the amount which the school committee is authorized by law to expend in any monthly period in 1921, and that said appropriation be included in and become a part of the budget for school purposes to be passed at the annual town meeting of 1921, or take any action in relation thereto.

Article. 3. To see if the town will vote to appoint a committee of three, to investigate and report on a location, with the estimated cost of construction and maintenance of a Public Comfort Station, said report to be made at the next annual town meeting, or take any action in relation thereto.

And you are hereby directed to serve this warrant by posting up attested copies thereof at each of the Public Meeting Houses and at the Post Office in said Town; also cause an attested copy to be published in the Milford Daily News and Milford Gazette, newspapers published in said Town, Two Sabbaths at least before the time set for said meeting.

Hereof, Fail Not, and make due return of this warrant with your doings thereon to the clerk of said town, at the time of meeting aforesaid.

Given under our hands at Milford, this 19th day of October, A. D. 1920.

THOMAS J. NUGENT,
JOHN H. CUNNINGHAM,
Selectmen of Milford.

A true copy. Attest:

JEREMIAH T. MURPHY,
Constable of Milford.

COMMONWEALTH OF MASSACHUSETTS.

Worcester, ss.

Milford, November 2, 1920.

Pursuant to the within warrant I have notified the inhabitants of the town of Milford herein described, to meet at the time and place and for the purposes within mentioned, by

posting up attested copies of this warrant at each of the Public Meeting Houses and at the Post Office in said town, and I have likewise caused attested copies of this warrant to be published in the Milford Daily News and Milford Gazette, newspapers printed in said town, two Sabbaths before the time set for said meeting.

Attest :

JEREMIAH T. MURPHY,

Constable of Milford.

A true copy of the warrant and the officer's return thereon.

Attest :

DENNIS J. SULLIVAN,

Town Clerk.

TOWN MEETING, NOVEMBER 2, 1920.

In pusuance to the foregoing warrant the inhabitants of the town of Milford, qualified by law to vote in elections and in town affairs, met in Dewey Hall in said town on Tuesday, the second day of November, A. D. 1920, punctually at 5.45 o'clock in the forenoon and were called to order by the town clerk who read the warrant and the officer's return thereon.

In accordance with the provisions of Chapter 835, Acts of 1913, and acts in amendment thereto, sealed packages said to contain 4409 official ballots, specimen ballots, cards of instructions, and penalty cards were delivered to Thomas J. Nugent, presiding election officer.

The seal was then publicly broken, the package opened and the ballots delivered to the ballot clerks, and their receipt given to the town clerk.

One card of instructions and one penalty card were posted in each marking compartment, and five cards of instruction, five penalty cards, and five specimen ballots were posted in the hall outside the rail.

The ballot box required by law to be used in elections was then publicly opened and found to be empty, the register

on the box was set at 0000, the box locked and the keys delivered to Jeremiah T. Murphy, constable in attendance at said meeting.

Harold K. Bullard and Dominick J. Lang, tellers appointed to check the voting lists at the polls, were sworn to a faithful performance of their duties by the town clerk.

William G. Pond and Joseph J. Clancey, ballot clerks, and Alfred B. Cenedella and James F. Baxter, deputy ballot clerks, were sworn to a faithful performance of their duties by the town clerk.

The polls were opened at 5.48 o'clock A. M.

Voted: To close the polls at 8 o'clock P. M.

Frank T. Ballou, William J. Moore and James J. Connors, appointed assistant ballot clerks were sworn to a faithful performance of their duties by the town clerk.

John F. Burke, Walter B. McFarland, Harry L. Webber, Austin D. White, Arthur J. Curley, George E. Stanley, Michael H. DeCoste, Thomas H. Coyne, Dennis P. Flynn, Arthur A. Jenkins, Frank R. Fahey, Albert W. Jones, W. E. Moore, Ernest L. Shultz, George J. Lally, J. Warren Richardson, Michael T. Tynan, Walter A. Vant, James H. O'Brien, Archibald Boyd, John E. Roche, Ralph Ward, Joseph E. Broughey, Burton N. Hoffman, Francis Hickey, Louis A. Marino, Thomas F. Moore, George S. Whitney, Alfred B. Caruso, George L. Maynard, Edward J. Condry, Herbert Parkhurst, tellers appointed by the selectmen, were sworn to a faithful performance of their duties by the town clerk.

At two o'clock in the afternoon of the above mentioned second day of November at the same place the above described inhabitants acted upon the articles named in the warrant, as follows.

The meeting was called to order by the town clerk who read the warrant and the officer's return thereon.

Article 1. The meeting made choice of John C. Lynch as moderator, the vote being unanimous.

Voted: To adjourn until Tuesday evening, November 23, 1920, at eight o'clock P. M. in Town Hall.

Due notice having been given, the polls at eight o'clock P. M. were declared closed.

During the voting the ballot box was opened by unanimous consent of selectmen and town clerk, seven times for the purpose of sorting and counting the ballots, first at 8.55 o'clock A. M. when it registered 654, then at 10.40 A. M. when it registered 1276, then at 12.40 P. M. when it registered 1674 then at 2.30 o'clock when it registered 2260, then at 4.12 P. M., when it registered 2666, then at 6 o'clock P. M. when it registered 3134, and at the close of the polls, 8 o'clock P. M. when it registered 3799, and 30 absentee ballots. Total, 3820.

The count on the ballot box did not agree with the number of names checked at the polls and at the tables of the ballot clerks.

The names of those on the list of voters which had been checked and audibly counted were found to be 3820.

Fred W. Holland, George F. O'Connell, Eugene F. Marino, William A. Birmingham, George F. Grayson, William E. Gallagher, John A. McKenzie, Thomas J. Ryan, John A. Fales, Garden W. Rae, Charles H. Dowdell, Henry Sanclemente, Earl G. Crockett, John F. Hennessy, Frederick Bethel, jr., John E. C'Connor, additional tellers appointed by the selectmen, were sworn to a faithful performance of their duties by the town clerk. The tellers having canvassed the votes given in and found the number of ballots cast to be 3820, the same having been sorted and counted, declaration thereof was made in open meeting and recorded as follows.

The result was announced at 4.45 o'clock A. M., November 3, 1920.

ADJOURNED TOWN MEETING, NOVEMBER 23, 1920.

COMMONWEALTH OF MASSACHUSETTS.

Worcester, ss.

Milford, November 23, 1920.

In pursuance to a vote passed at a town meeting November 2, 1920, the inhabitants of the town of Milford met in Town hall and proceeded as follows :

The meeting was called to order by John C. Lynch, moderator, at eight o'clock P. M.

Under Article 2, The following vote was passed as a resolution :

Voted : That there be appropriated the sum of Twenty Thousand Dollars, (\$20,000.00), for the purpose of meeting increases in salaries of the teachers and supervisors, the same to be in addition to the amount which the school committee is authorized by law to expend in any monthly period, in 1921, and that said appropriation be included in and become a part of the budget for school purposes to be passed at the annual town meeting of 1921.

Voted : To pass over the article.

Article 3. Voted : That the moderator appoint a committee of five, to investigate and report on a location, with the estimated cost of construction and maintenance of a Public Comfort Station, said report to be made at the next annual town meeting.

The moderator appointed the following citizens as members of the committee:

John E. Higgiston, Arthur P. Clarridge, Frank P. Dillon, Charles E. Dewing, David Craig.

Voted : To pass over the article.

The following vote was passed as a Resolution.

Voted : That it be the sense of the voters in town meeting assembled, that the question of contracting for a municipal coal pocket for the storage of coal for the various departments of the town of Milford be investigated, and that a committee of seven voters be appointed by the moderator to study

the question and to make their report and recommendations at the town meeting to be held in March, 1921.

The moderator appointed the following committee:

Thomas J. Nugent, John H. Cunningham, Owen F. Croughwell, Edward J. Burke, John E. Swift, Philip Cenedella, George S. Whitney.

Voted to dissolve the warrant.

Vital Statistics.

Parents and others are requested to carefully examine the following lists and if any errors or omissions are discovered report them at once to the town clerk, that the record may be corrected, as it is of importance that the record of Vital Statistics should be complete. Herewith are extracts from the Revised Laws of Massachusetts, Chapter 280, Acts of 1912.

SECTION 1. Physicians and midwives shall, within forty-eight hours after the birth of every child in cases of which they were in charge, mail or deliver to the clerk or registrar of the city or town in which the birth occurred, a notice stating the date and place of the birth, giving the street number, if any, the number of a ward in a city and the family name. Failure to mail or deliver the said notice shall be punished by a fine not exceeding twenty-five dollars for each offense. The notice required by this section need not be given if the notice required by the following section is given within forty eight hours after the birth occurs.

SECTION 2. Physicians and midwives shall make and keep a record of the birth of every child in cases of which they were in charge and shall, within fifteen days after the birth, mail or deliver to the clerk or registrar of the city or town in which the birth occurred a report of the birth, stating the date and place, the name, if any, of the child, its sex and color, and the names, ages, places of birth, occupations and residence of the parents, giving the street number, if there be any, and the number of the ward in a city, the maiden name of the mother, and whether or not the physician or midwife signing the birth return personally attended the birth. If the child is illegitimate, the name and other facts relating to the father shall not be stated except at the request in writing of both the father and mother filed with the return. The record

to be kept by the physician and midwife, as above provided, shall also contain the facts hereby required to be reported to the city or town clerk. The fee of the physician or midwife shall be twenty-five cents for every birth so reported, which shall be paid by the city or town where the report is made, upon presentation to the city or town treasurer of a certificate from the city or town clerk stating that the said birth has been properly reported to him. The report required to be made by this section is in addition to the report required to be made by the preceding section, and as above provided, if made within forty-eight hours of the birth, the report required by the preceding section shall not be required. A physician or midwife who neglects to make and keep the record hereby required, or who neglects to report in the manner specified above each birth within fifteen days thereafter, shall for each offense forfeit a sum not exceeding twenty-five dollars. The city or town clerk or registrar shall file daily with the local board of health a list of all births reported to him, giving the following facts: date of birth, sex, color, family name, residence, ward, physician or midwife.

Blanks can be obtained on application to the town clerk.

TOWN WARRANT.

WARRANT FOR THE ANNUAL TOWN MEETING, MARCH 7, 1921.

COMMONWEALTH OF MASSACHUSETTS.

Worcester ss.

To either constable of the town of Milford, in said county,
Greeting :

In the name of the commonwealth aforesaid, you are hereby required to notify and warn the inhabitants of said town, qualified by law to vote in elections and in town affairs, to meet at the Town Hall in said town, on Monday, the seventh day of March, A D 1921, punctually at 5.45 o'clock in the forenoon, to act upon the following articles, namely :—

(The polls may be closed at four o'clock in the afternoon on said day of meeting.)

Article 1. To choose a moderator to preside at said meeting

Article 2. To choose all necessary town officers, a town clerk, town treasurer, tax collector, auditor, three selectmen, a highway surveyor (one year), one assessor (three years), one assessor (one year), one overseer of the poor (three years), one sewer commissioner (three years), two members of the school committee (three years), one member of the board of health (three years), two trustees of town library (three years), two trustees of Vernon Grove cemetery (three years), one park commissioner (three years), and five constables (one year), to be voted for on ballots prepared and furnished in accordance with the provisions of Chapter 835, Acts of 1913, and Acts in amendment thereto.

Also upon said ballots the voters shall give in their votes "Yes" or "No" in answer to the following questions:—

"Shall Chapter 240, Acts of 1920, an act to permit, under

public regulation and control, certain sports and games on the Lord's Day, be accepted by this town?"

"Shall licenses be granted for the sale of certain non-intoxicating beverages in this town?"

Article 3. To hear and act upon the reports of the selectmen, town clerk, town treasurer, tax collector, assessors, overseers of the poor, sewer commissioners, auditor, school committee, trustees of town library, trustees of Vernon Grove cemetery, park commissioners, highway surveyor, chief of police, engineers of fire department, town solicitor, inspector of animals, inspector of wires, inspector of plumbing, sealer of weights and measures, and any other officers or committees of said town.

Article 4. To raise and appropriate such sum or sums of money as may be necessary to defray town expenses for the financial year ending December 31, 1921.

Article 5. To determine when all taxes for the year 1921 shall be due and payable, the time from which interest on unpaid taxes of said year shall be charged, and the compensation of the collector of taxes for the year ensuing.

Article 6. To see if the town will vote to raise and appropriate the sum of one hundred and sixty-five dollars (\$165.00) towards defraying the expenses of Memorial Day.

Article 7. To see if the town will vote to authorize the selectmen to take charge of all legal proceedings for or against the town.

Article 8. To see if the town will vote to authorize the treasurer, with the approval of the selectmen, to borrow money on and after January 1, 1922, in anticipation of the revenue of the financial year beginning January 1, 1922.

Article 9. To see if the town will vote to increase the salary of the highway surveyor, or take any action in relation thereto.

Article 10. To see if the town will vote to adopt the following By-Law: "In all recommendations submitted to the town by the Finance Commission relative to appropriations, a

Two thirds vote of those voting shall be necessary to amend, change or otherwise alter said recommendation", or take any action in relation thereto.

Article 11. To see if the town will vote to raise and appropriate the sum of Twenty-five Hundred Dollars (\$2,500.00) for the purpose of rebuilding East Street, from the corner of Beach and East Streets, to the property of the Ferruci heirs, on said East Street, and for the building of a cobble-stone sidewalk on said street, or take any action in relation thereto.

Article 12. To see if the town will vote to raise and appropriate the sum of Fifteen Hundred Dollars (1,500.00) for repairs to Fells Avenue, or take any action in relation thereto.

Article 13. To see if the town will vote to raise and appropriate the sum of One Thousand Dollars (\$1,000.00), for the maintenance of a School Dental Clinic, the same to be expended under the supervision of the School Committee, or take any action in relation thereto.

Article 14. To see if the town will vote to raise and appropriate the sum of Five Hundred Dollars (\$500.00), to pay to the Trustees for County Aid to Agriculture, "Worcester County Farm Bureau", in accordance with the provisions of, and for the purpose of, Chapter 273, Acts of 1918, or pass any vote or votes in relation thereto.

Article 15. To see if the town will vote to choose a Director, in accordance with the provisions of Chapter 273, Acts of 1918, Section 1, to serve one year, or pass any vote or votes in relation thereto.

Article 16 To see if the town will vote to raise and appropriate a sum of money for the purpose of erecting and maintaining a Public Comfort Station, or take any action in relation thereto.

Article 17. To see if the town will vote to raise and appropriate the sum of Three Thousand Dollars (\$3,000.00) for the purpose of re-building Spruce Street, from School Street to Congress Street, or take any action in relation thereto.

Article 18. To see if the town will vote to raise and appropriate the sum of Four Thousand Dollars (\$4,000.00), for

the purpose of repairing Water Street, from South High Street to the Hopedale Town Line, or take any action in relation thereto.

Article 19. To see if the town will vote to raise and appropriate the sum of Three Thousand Dollars, (\$3,000.00), for the purpose of re-building South Main Street, from Depot Street to the Hopedale Town Line, or take any action in relation thereto.

Article 20. To see if the town will vote to raise and appropriate the sum of Five Hundred Dollars, (\$500.00), for the purpose of building a sidewalk on the southerly side of Pleasant Street, from Congress Street to Gibbon Avenue, or take any action in relation thereto.

Article 21. To see if the town will vote to raise and appropriate the sum of One Hundred and Twenty-five Dollars (\$125.00) for the purpose of locating street lights on East Main Street, from Beaver Street to the Holliston town line, or take any action in relation thereto.

Article 22. To see if the town will vote to raise and appropriate the sum of Twenty-five Hundred Dollars, (\$2,500.00), for the purpose of repairing Glines Avenue, and constructing sidewalks on said avenue, or take any action in relation thereto.

Article 23. To see if the town will vote to raise and appropriate the sum of Fifteen Hundred Dollars, (\$1,500.00) for the purpose of constructing a sidewalk on the westerly side of East Main Street, from the end of the present sidewalk at Supple Square, so-called, to Meade Street; or take any action in relation thereto.

Article 24. To see if the town will vote to raise and appropriate the sum of Twelve Thousand Five Hundred Dollars, (\$12,500.00), or will authorize the town treasurer to issue notes or bonds of the town to an amount not exceeding Twelve Thousand Five Hundred Dollars, (\$12,500.00), at a rate of interest not exceeding six per cent per annum, payable semi-annually, for the purpose of the construction, maintenance

and operation of sewers in the Town of Milford, or take any action in relation thereto.

Article 25. To see if the town will vote to raise and appropriate the sum of Seven Thousand Dollars, (\$7,000.00), for the maintenance of its sewerage system, or take any action in relation thereto.

Article 26. To see if the town will vote to raise and appropriate the sum of Eight Thousand Dollars, (\$8,000.00) for the construction of additional drainage on Central Street, in said Town of Milford, or take any action in relation thereto.

Article 27. To see if the town will vote to increase the compensation of the Board of Assessors from Three Dollars and Fifty Cents (\$3.50) to Five Dollars (\$5.00) per Diem, or take any action in relation thereto.

Article 28. To see if the town will vote to make repairs on that portion of Dilla Street extending westerly from the Macuen Ice House, so called, and raise and appropriate the sum of One Thousand Dollars, (\$1,000.00) or any other sum therefor, or take any action with respect to the repair of said street.

And you are hereby directed to serve this warrant by posting up attested copies thereof at each of the public meeting houses and at the post-office in said town; also cause attested copies to be published in the Milford Daily News and Milford Gazette, newspapers published in said town, two Sabbaths at least before the time set for said meeting.

Hereof fail not, and make due return of this warrant with your doings thereon, to the clerk of said town, at the time of meeting aforesaid.

Given under our hands at Milford, this 15th day of February, A. D. 1921.

THOMAS J. NUGENT,
JOHN H. CUNNINGHAM,
Selectmen of Milford.
